

Dear valued Prince Albert Inn guests,

We are officially back open May 5, 2020! We cannot wait to open our doors to you once again and are certainly excited to come back to work ourselves. In preparation for reopening, we have been working hard at the property to ensure that every room on site has had any maintenance needs addressed. Perhaps more importantly in these times of uncertainty regarding **COVID-19**, we have been reimagining what sanitation and safety mean for us as a hotel. It was our goal from day 1 of shutdown to be ready and able to provide an environment that we can be confident is safe for both our guests as well as our team here at the Prince Albert Inn when the day came to reopen. Well.... that day is just around the corner! Below are some new policies and protocol to ensure that everyone within our walls can feel safe:

- Front desk hours will be 7:00 a.m. – 11:00 p.m.
 - Please arrange with the front desk if you require a later check in.
- Limited rooms will be put back in to circulation to ensure our hotel doesn't get too crowded during this time.
- Our staff will partake in extra routine hand washing, and will be using gloves to handle money, debit machines, clean rooms, etc.
- All public areas will be disinfected more often than ever before
 - This includes, but not limited to: room keys, room door latches, debit terminals, ATM's, phones, hand rails, entry doors, etc.
- Rooms will be treated with Ozonators between guests
 - Ozone is known to eliminate virus' and bacteria on all surface types, and is entirely safe for humans!
- UV sterilizers will be used to further disinfect light switches, TV remotes, and other high-touch areas in addition to the ozone treatment.
- Room service is available, but our restaurant will be closed for the time being.
- Our lounge, VLT's, and pool will be closed until deemed safe to open by the Saskatchewan Health Authority.

Please keep in mind that since limited rooms are available, it is best to plan ahead. We cannot guarantee that we will have walk-in rooms available, so in order to ensure a room please call **(306) 922-5000** to book a reservation!
